• Compatible

* May require the latest software update available at humminbird.com. See necessary software versions below:
  - For LakeMaster Cartography, units require software version 4.700 or higher.
  - For LakeMaster Plus Cartography, units require software version 7.360 or higher.
  - For AutoChart PC support, units require software version 6.880 or higher, HELIX units require software 1.210 or higher, and ONIX/ION require software 2.700 or higher.
  - For AutoChart Live, HELIX units require software 1.210 or higher, and ONIX/ION require software 2.300 or higher.
  - For Chart Select, units require software version 7.510 or higher.
  - For SmartStrike, HELIX 9, 10, 12 units require software version 1.210 or higher.

NOTE:
Older LakeMaster cards that were compatible with competitor fish finders WILL NOT work with Humminbird products.
